***"Towards a Deeper Understanding of Multimedia Experiences"***

## Call for Special Sessions

The **12th International Conference on Quality of Multimedia Experience** will be held from **May 26th to 28th, 2020 in Athlone, Ireland**. QoMEX 2020 will provide a warm welcome to leading experts from academia and industry to present and discuss current and future research on multimedia quality, quality of experience (QoE) and user experience (UX). The conference will be held in the form of oral, poster, and plenary sessions, comprising dedicated special sessions on trending topics.

**Special Session Proposals** are solicited in the scope of topics that are aligned with the conference (listed below) or are related to a **brave new idea session** based within the broader sphere of QoE.

### Conference Topics:

- Novel assessment and evaluation methodologies
- New Interaction paradigms and synchronization
- Multisensory experiences and QoE
- Immersive experiences and technologies
- Quality of Life
- Artificial Intelligence and QoE
- Human behaviour analysis and QoE
- QoE-based management in a networked world
- Reproducible QoE research
- Psychology and QoE
- QoE and content creation
- Aesthetics
- QoE and social and community experiences
- Audio/Video QoE
- Affective computing and QoE
- 5G and QoE

### Submission Procedure

Special session proposals should be sent to the **Special Session Chairs**: Lea Skorin-Kapov ([lea.skorin-kapov@fer.hr](mailto:lea.skorin-kapov@fer.hr)) and Peter Pocta ([peter.pocta@fel.uniza.sk](mailto:peter.pocta@fel.uniza.sk)). The proposal should provide the following information: title, motivation and objectives, topics of interest, confirmed papers (title, authors and abstract), contact information for the special session organizers, organizers' short biography, and a list of potential reviewers capable of reviewing papers submitted to the special session.

Proposals will be evaluated based on topic novelty and associated impact, organizing committee qualifications, as well as the proposed list of contributed papers. Special Session submissions will be reviewed via the same process as submissions to the regular program and papers are expected to meet the same quality standards
